

FOR IMMEDIATE RELEASE

December 15, 2010

ManagementPlus Electronic Health Records Receives ONC-ATCB 2011/2012 Certification

ManagementPlus EHR 5.0 is a CCHIT Certified 2011 Ambulatory EHR, and has been certified a Complete EHR by CCHIT, an ONC-ATCB. A fully integrated practice management software, ManagementPlus offers best-in-class customer support with a 98% live call ratio and a 98% claims acceptance rate.

Salt Lake City, December 15, 2010 – ManagementPlus announced today that [ManagementPlus EHR 5.0](#) is 2011/2012 compliant and was certified as a Complete EHR on December 10, 2010 by the [Certification Commission for Health Information Technology \(CCHIT®\)](#), an ONC-ATCB, in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. The 2011/2012 criteria support the Stage 1 meaningful use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

"Since developing ManagementPlus EMR/EHR in 1997 we have worked to differentiate our electronic health records as strongly as possible by making the system intuitive, efficient and designed to emulate the practice workflow," said Christine Archibald, CEO.

The ONC-ATCB 2011/2012 certification program tests and certifies that Complete EHRs meet all of the 2011/2012 criteria and EHR Modules meet one or more – but not all – of the criteria approved by the [Secretary of Health and Human Services \(HHS\)](#) for either eligible provider or hospital technology. ManagementPlus EHR 5.0's certification number is 595370. ONC-ATCB 2011/2012 certification conferred by CCHIT does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.

The clinical quality measures to which ManagementPlus EHR 5.0 has been certified include: NQF 0421, NQF 0013, NQF 0028, NQF 0041, NQF 0024, NQF 0038, NQF 0086, NQF 0088, and NQF 0055. The additional software relied upon to demonstrate compliance includes: [RelayHealth](#) -170.302.a, 170.302.b, 170.302.j, and 170.302.m; and Microsoft HealthVault - 170.304.q. ManagementPlus EHR 5.0 is a CCHIT Certified® 2011 Ambulatory EHR 2011.

About ManagementPlus

ManagementPlus has been at the forefront of electronic health records for over a decade and EHR is fully integrated with all areas of practice management. The software company is a leading provider of integrated

Windows-based practice management solutions for the healthcare industry. ManagementPlus develops efficient, fully secure and HIPAA management of Electronic Health Records (EHR), and accommodates healthcare practices from the solo practitioner to a multi-provider network, with multiple locations. The company, including all development and support, is located in Salt Lake City, Utah.

About CCHIT

The Certification Commission for Health Information Technology (CCHIT®) is an independent, 501(c)3 nonprofit organization with the public mission of accelerating the adoption of robust, interoperable health information technology. The Commission has been certifying electronic health record technology since 2006 and is approved by the Office of the National Coordinator for Health Information Technology (ONC) of the U.S. Department of Health and Human Services (HHS) as an Authorized Testing and Certification Body (ONC-ATCB). More information on CCHIT, CCHIT Certified® products and ONC-ATCB certified electronic health record technology is available at <http://cchit.org>.

About ONC-ATCB 2011/2012 certification

The ONC-ATCB 2011/2012 certification program tests and certifies that EHR technology is capable of meeting the 2011/2012 criteria approved by the Secretary of Health and Human Services (HHS). The certifications include Complete EHRs, which meet all of the 2011/2012 criteria for either eligible provider or hospital technology and EHR Modules, which meet one or more – but not all – of the criteria. ONC-ATCB certification aligns with [Health Information Technology: Initial Set of Standards, Implementation Specifications, and Certification Criteria for Electronic Health Record Technology](#) published in the Federal Register in July 2010 and strictly adheres to the [test procedures](#) published by the National Institute of Standards and Technology (NIST) at the time of testing. ONC-ATCB 2011/2012 certification conferred by the Certification Commission for Health Information Technology (CCHIT®) does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.
